

Examples of potential CEB-ELENA projects

Project A

- Beneficiary: municipality
- Project: extend a district heating and cooling network
- CEB-ELENA support: fund external consultancy services to prepare contractual arrangements and tendering procedure

Project B

- Beneficiary: national authority in charge of energy efficiency
- Project: upgrade public transport infrastructure at local level, such as buses and trams
- CEB-ELENA support: fund in-house capacity building to carry out feasibility study and operate project implementation unit

Project C

- Beneficiary: Private bank
- Objective: operate a loan program targeting municipalities who want to retrofit their public housing stock
- CEB-ELENA support:
 - For the Bank: fund in-house capacity building to prepare business plan and market study
 - For the municipalities: fund external consultancy services to carry out energy audits
